

Theme	Session Title	Presentation No.	Abstract No.	Lecture title	Speaker	Country
Tumor-type specific Sessions	Other rare tumors	RAR-P-02	RARE-52	RB1 gene deletions are the novel mechanism of choroid plexus tumors (CPT) oncogenesis	Alexander Druy	Russia
		RAR-P-03	RARE-51	Molecular insights into malignant progression of choroid plexus papilloma (CPP)	Maxim Yankelevich	USA
		RAR-P-04	RARE-31	Recurrent choroid plexus carcinoma in the setting of Li-Fraumeni syndrome: report of two children managed with intensive re-induction and marrow-ablative consolidation chemotherapy without irradiation followed by molecularly-targeted biological therapy	Margaret Shatará	USA
		RAR-P-05	RARE-39	Molecularly confirmed atypical choroid plexus papilloma with intracranial dissemination	Masato Yanagi	Japan
		RAR-P-06	RARE-49	Choroid plexus adenoma without associated hydrocephalus presenting as precocious puberty	Kaylyn Utley	USA
		RAR-P-07	RARE-27	Double mutations: Different germline and tumor mutations lead to poor outcomes	Molly Hemenway	USA
		RAR-P-08	RARE-54	Molecular analysis of rosette-forming glioneuronal tumor at midbrain; report of two cases	Hajime Handa	Japan
		RAR-P-09	RARE-23	Novel NF1 mutations in two occurrences of glioblastoma multiform in a patient with constitutional mismatch repair deficiency syndrome	Kaylyn Utley	USA
		RAR-O-10	RARE-17	Survival benefit for individuals with Constitutional Mismatch Repair Deficiency Syndrome and brain tumors who undergo surveillance protocol. A report from the International Replication Repair Consortium	Vanessa Bianchi	Canada
		RAR-O-11	RARE-21	Cancer spectrum in germline SUFU mutation carriers: a collaborative project of the SIOPE host genome working group	Léa Guerrini-Rousseau	France
		RAR-O-12	RARE-42	Primary intracranial sarcoma with DICER1-mutation - treatment results of a new molecular entity	Rosdali Diaz	Peru
		RAR-P-14	RARE-57	Pediatric chordoma: whole exome sequencing of 11 pediatric chordoma samples	Katrina O'Halloran	USA
		RAR-P-15	RARE-32	Pediatric metastatic skull base chordoma with TP53 mutation – a case report and review of the literature	Akira Shimada	Japan
		RAR-P-16	RARE-46	A thirteen year patient journey of infant giant clival chordoma: Case report and literature review	Eloise Neumann	UK
		RAR-P-17	RARE-58	Congenital metastatic chordoma of the clivus	Wieslawa Grajkowska	Poland
		RAR-P-18	RARE-35	Pineoblastoma in children six years of age or less: Final report of the Head Start I, II and III experience	Mohammad Abu-Arja	USA
		RAR-P-19	RARE-24	Large congenital melanocytic nevi and neurocutaneous melanocytosis: A retrospective case series	Ugur Sener	USA
		RAR-P-20	RARE-55	Challenges and specific strategies for constitutional mismatch repair deficiency syndrome in low resource settings. On behalf of the International RRD Consortium in Low Resource Settings Panel	Eric Bouffet	Canada
		RAR-P-21	RARE-19	Pediatric high grade glioma with DNA repair pathway aberrations, clinical characteristics and outcome	Muhammad Baig	USA
		RAR-O-22	RARE-61	Body composition and Nuchal skinfold thickness in pediatric brain tumor patients	Hermann Müller	Germany
		RAR-P-23	RARE-15	Early pseudoprogression post-radiation in paediatric high-grade glioma patients with constitutional mismatch repair deficiency: two case reports from a single centre	Ay-Juan Teng	Australia
		RAR-P-24	RARE-16	Seven cases of retinoblastoma with CNS involvements	Chikako Kiyotani	Japan
		RAR-P-25	RARE-33	Giant cell tumor of the skull base with a history of a successful response to denosumab and later developing a second tumor	Samvel Bardakhchyan	Armenia
		RAR-P-26	RARE-43	Favorable outcome of a young girl with recurrent metastatic pineoblastoma associated with a DICER1 mutation	Adam Rossi	USA
		RAR-P-27	RARE-48	Characteristics and outcome of diffuse leptomeningeal glioneuronal tumor (DLGNT): a single institution experience	Emily Owens Pickle	USA
		RAR-P-28	RARE-53	Pineal parenchymal tumor of intermediate differentiation (PPTID) and DICER1 syndrome: a case report	Stephanie Toll	USA
		RAR-P-29	RARE-44	Clinical characterization and outcome; our experience of chordomas in pediatric and young adults	Amber Gibson	USA
		RAR-P-30	RARE-50	Treatment response of CNS high-grade neuroepithelial tumors with MN1 alteration	Lorena Baroni	Argentina
		RAR-P-31	RARE-13	Inflammatory myofibroblastic tumor mimicking Desmoplastic Infantile Ganglioglioma (DIG) of the temporal lobe	Mariko Sato	USA
		RAR-P-32	RARE-14	Development of anaplastic astrocytoma as a third malignancy in a pediatric patient with constitutional mismatch repair deficiency (CMMRD): a case report and evaluation of tumor genomics identifying biallelic MSH6 mutations	Erin Wright	USA
		RAR-P-33	RARE-38	Clinical presentation of MGA-NUTM1 fusion transcript sarcoma	Pongpak Pongphitcha	Thailand
		RAR-P-34	RARE-40	Case report: Long-term survivor of a rare, pediatric primary histiocytic sarcoma (HS) of the central nervous system (CNS) following complete resection, chemotherapy and allogeneic hematopoietic cell transplantation (Allo-HCT)	Diana Osorio	USA
		RAR-P-35	RARE-41	Second malignancies following treatment for primary central nervous system tumors in pediatric patients: a single-institution retrospective review	Nicholas Pytel	USA
		RAR-P-36	RARE-20	Malignant peripheral nerve sheath tumor of a cranial nerve in an infant with neurocutaneous melanosis	Lacey Carter	USA
		RAR-P-37	RARE-25	Retinal astrocytoma mTOR inhibitor therapy in tuberous sclerosis mosaicism	Naomi Evans	Canada
		RAR-P-38	RARE-26	Retrospective analysis of pediatric choroid plexus tumors	Yoshiko Nakano	Japan
		RAR-P-39	RARE-34	UK Children's Cancer and Leukaemia Group (CCLG): guidelines for the management of meningioma in children, teenagers and young adults	Elwira Szychoť	UK
		RAR-P-40	RARE-36	Dysembryoplastic neuroepithelial tumors: a review of clinical and molecular characteristics, and outcome in a pediatric population at a single center	Valerie Cruz Flores	USA
		RAR-P-41	RARE-37	Noonan syndrome and glioneuronal tumors: a central nervous system cancer predisposition association?	Margaret Shatará	USA
		RAR-P-42	RARE-45	Sarcomas involving the central nervous system at initial presentation in children and young adults: A case series	Yen-Lin Liu	Taiwan
		RAR-P-43	RARE-56	Peritoneal seeding of a diffuse leptomeningeal glioneuronal tumor in a child	Julie Messiaen	Belgium
		RAR-P-44	RARE-30	A rare case of primary Ewing's Sarcoma of the cervical spine	Amandeep Kalra	USA
		RAR-P-45	RARE-47	Diffuse leptomeningeal disseminated glioneuronal tumor: case-series	Felipe Hada Sanders	Brazil
		RAR-P-46	RARE-29	Primary central nervous system non-Hodgkin lymphoma in an 11-year-old boy: A case report	Regina Navarro-Martin del Campo	Mexico
